BUSINESS EXPERIENCE

TaxBit

Data Analyst

Draper, UT

September 2021 - Present

- Created a full suite of self-service data analysis tools using R Shiny saving the business unit hundreds of hours of labor
- Placed second in TaxBit's second annual hackathon with a native ERP integration
- Work closely with engineering, subject matter experts, and customer ops to ensure projects are moving along cross-functionally

Swire Coca-Cola, USA

PRGM Analyst, Strategy and Planning Division

Draper, UT

December 2020 – September 2021

- Responsible for revenue forecasting, deal analysis, and pricing strategy for entire Full-Service/On Premise business segment
- Developed excel models, system improvements, and various scripts for process optimization

Ecolab

Territory Manager, Institutional Division

Seattle, WA – Billings, MT

August 2019-December 2020

- Took full stewardship over a book of business for a Fortune 500 chemicals company, which included driving sales, consulting with clients, managing distribution, and troubleshooting issues

Brigham Young University-Idaho

Project Manager, Business Solutions Department

Rexburg, ID

April-July 2019

- Supervised a team of seven data analysts as our team tackled hundreds of projects ranging from application development to labor and budget forecasting
- Developed an application which was used to send texts and emails to thousands of students reminding them to register

Brigham Young University-Idaho

Data Analyst, Business Solutions Department

Rexburg, ID

May 2018-April 2019

- Integrated APIs to automate processes which resulted in the elimination of an entire "processing" sub-department
- Used C#, Node.JS, R, VBA, and PowerBI to analyze large datasets and to create solutions for common business problems

PROJECTS
